

BRUMABA

ecura

Because treatment  
deserves BRUMABA.

MADE IN GERMANY

SINCE 1980

# ECURA. Where comfort meets BRUMABA standards.

For over 45 years, BRUMABA has set the standard in surgical equipment.

With ECURA we bring our full expertise to the treatment room – combining trusted BRUMABA quality with ergonomic design for fatigue-free working and exceptional client comfort.

## Precision control for seamless workflow

ECURA adapts to your needs – operated via foot pedal or hand control. With 4 programmable memory positions, you can easily store and recall your preferred treatment setups at the push of a button.

## Slim base. More freedom to move.

The specially engineered base offers maximum legroom and better access to your client – for a more natural and relaxed working position.

## Unmatched comfort for your clients

ECURA features premium memory foam upholstery, an ergonomic design, and a magnetic headrest – ensuring next-level comfort, even during longer sessions.

## Fast. Quiet. Fully adjustable.

ECURA adjusts smoothly and silently in height and position. Whether you're treating, caring or creating – it's built to support ergonomic, efficient, and comfortable workflows in any scenario.

Convenient access

Ideal positioning

Ergonomic working

# Our contribution to longevity: Where quality meets aesthetic design.

## Aesthetics & Dermatology

Whether in plastic surgery, aesthetic treatments or dermatology – ECURA brings a new level of sophistication to modern treatment spaces.

Its intelligent design, combined with versatile adjustment features, provides the ideal foundation for precision work.

Exceptional comfort ensures a premium client experience – making ECURA a smart, long-term investment.

- **Ultimate wellness comfort for your clients**
- **Highly adjustable for precise treatments and interventions**
- **Durable materials ensure long-term reliability and stability**
- **Wide range of color options and versatile applications**

# The new star of your treatment room: Precision support for every procedure.

Ophthalmology

Designed for IVOM (Intravitreal Operative Medication) procedures, ECURA is perfectly tailored to the needs of outpatient ophthalmic care.

It enables precise treatment and maximum comfort – both for practitioners and patients.

With hygienic premium upholstery, intuitive hand control, and smooth height adjustment, ECURA delivers reliability with every detail.

- **Optimized head section for precise eye treatments**
- **Engineered for efficient IVOM procedures**
- **Memory functions enable quick patient positioning**
- **Available in a range of colors and configurations**

# Welcome to the team: The resilient all-rounder.

Therapy

With ECURA, functionality and comfort reach new levels in therapeutic settings.

It offers exceptional legroom and therapist access – while remaining rock solid, supporting dynamic treatments and loads up to 200 kg.

Premium materials and easy-care upholstery ensure long-lasting performance and simplified hygiene. And with a wide range of colors, ECURA fits seamlessly into any professional environment.

- **Ergonomic design for therapists, full relaxation for patients**
- **High load capacity and stability – even during active mobilization**
- **Adjustable height for safe access and body-friendly workflows**
- **Pre-programmed Trendelenburg position for emergency situations**

# Work sharp. Sit easy. When quality is your signature.

Tattoo

When design, comfort, and function need to align perfectly, ECURA is the table of choice for tattoo studios.

Thoughtfully engineered for ergonomic support, it allows artists to work comfortably – even during long sessions.

Removable premium hygiene pads made for easy cleaning, while the solid stainless steel frame ensures maximum stability, no matter the pressure.

- **Ergonomic support for artists.**  
**Maximum comfort for clients**
- **Reduces strain on back and neck –  
for better focus and precision**
- **Durable materials for long-lasting  
reliability**
- **Fully adjustable for optimal positioning  
and support**

# ECURA

## 35 colors. Endless style.

With a palette of 35 color options, ECURA blends seamlessly into any practice, studio, or therapy space. Whether you prefer a subtle tone-on-tone look or a bold accent in your brand color – the choice is yours.
